### As A Shopping Bag

tamaki niime-like cash register bag

that shaped our wish.

Various sizes and shapes are continues being made.

So let us introduce tamafukurou mates!

Conforming with charge  
for plastic shopping bags in July 2020,  
we decided to create a bag  
that can easily hold many things  
and fit in a shopping basket!

1. Cover with a sturdy cloth
2. Thick handle
3. With a pocket for your smartphone

Having these 3 points tamafukurou big is created.

The origin of the name is the owl  
(we call fukurou in Japanese)  
that calls fortune and tama from tamaki.  
A designer says both "tama" and "owl" feel like  
calling for happiness!  
That made us laugh in-house but it seems to  
be a very auspicious name.

Using durable recycled cotton yarn,  
the fabric is firm.  
The logo of tamaki niime is on entire surface  
with a jacquard pattern.
